- It's the same electricity – **except at a better price!**

## Why switch to Energia?

## Frequently asked questions

### What changes?

Nothing! Except you will save money. There is no change of meter or network. NIE will continue to manage the wires to your premises.

### How long does it take to switch?

Usually about ten days - All that we need is a valid meter reading.

### How do I switch?

Simply call one of our energy specialists on **9073 0159** and have a copy of your most recent bill to hand. They will take your details, tell you how much you will save and explain the switchover process, or arrange for a sales agent to call with you. Once the contract and direct debit form is completed you will be supplied by Energia within ten days.

### Will my supply be interrupted?

No. Nothing changes except that you pay our lower rates and will start saving money immediately.

- **Real Savings:** The new NICVA/Energia energy affinity scheme will offer you real savings on your organisation's electricity bill - saving you up to 15%\* on your Popular Option tariff and 14% on Weekender and Nightsaver tariffs.
- **Your Energy Choice:** You now have a real choice who you buy your electricity from – more choice, real savings.
- **No systems or network changes:** Once you have switched to NICVA/Energia the only difference you will notice are the savings you are enjoying together with excellent customer service.
- **Customer Service:** Our Customer Care team on 9068 5900 are here to answer any queries you may have.

- **Online Information:** Our online account manager service allows you to access your company's energy data via our secure website. In addition to explaining your bill, the online account manager offers an instant query facility that allows you to analyse your billing data, produce reports, add meter readings and opt for paperless billing.
- **Energy Management:** As part of this service Energia will provide advice and information on best practice programmes, promoting energy management technologies and techniques, helping NICVA's member organisations be more energy efficient and to ultimately cut down on costs.

**Save up to 15%\***

on your electricity costs

## Who is Energia?

**Energia is the largest independent energy supply company in the deregulated market in Ireland and an integrated energy business with access to one of the largest and most comprehensive portfolios of conventional and renewable power.**

Over the past 10 years, this portfolio strength combined with our energy market expertise has enabled us to provide competitive electricity prices to 25% of the Irish business sector.

Energia has **over 50,000 electricity customers throughout Ireland** and supplies 17% of the island's electricity needs.

Energia is also a significant player in the renewable energy market and has signed additional contracts taking its 'green' capacity to over 600MW by 2011.

NICVA and Energia have formed a unique partnership offering all NICVA members up to 15%\* off their electricity bill.

**This offer is only available through your NICVA membership.**

## How do I switch?

All you have to do is call Energia's energy specialists at **9073 0159**. We recommend that you have your electricity bill to hand as we will need your meter information.

The energy specialist will provide you with a quotation or may arrange an appointment to call with you at your premises in order to assess your current usage and tell you how much you will save.

**Make the call today and switch onto cost savings with Energia.**

## NICVA and Energia

# Save up to 15%\* on your electricity costs

**NICVA in partnership with Energia has negotiated a new energy affinity scheme to help NICVA members reduce their electricity costs and become more energy efficient. With savings of up to 15%\* the new scheme will offer a significant reduction on the cost of electricity.**

As part of this service Energia will also provide advice and information on best practice programmes, promoting energy management technologies and techniques. Adopting this practice will help NICVA's member organisations be more energy efficient and ultimately reduce costs further.

**This offer is only available through your NICVA membership.**  
**If you are not a NICVA member, contact Frances McAtamney on 9087 7777.**

“ NICVA is delighted to announce a new energy supply deal for our members. In the current economic environment finding ways to reduce costs is essential in order to remain efficient and therefore competitive.

Many groups are struggling to cope with reduced budgets and with further cuts on the way, our partnership with Energia will enable us to offer some support in reducing one of the core costs in running your organisation. ”

**Seamus McAleavey,**  
**Chief Executive NICVA**

“ With 50,000 customers Energia has a 25% market share of the business electricity market on an all-island basis. This figure is growing as an increasing number of organisations take the opportunity to save on their electricity costs by switching to Energia. This partnership with NICVA is a first for Energia in Northern Ireland and we look forward to providing our services to its members. ”
